

User Manual for Agile Board

Login/Logout

To login to the Agile Board system, please use the USC CSE system NetID and password. This module is the same for both users and admins and based on your credentials it will direct you to the relevant part of the system.

The image shows a login form titled "CSE iCard Sign-in". Above the form is the USC CSE logo, which consists of a red roof-like shape with "USC" in yellow, and below it, the letters "CSE" in large, stylized yellow font with red outlines. The form itself has a red header bar with the title. Below the header, there is a text instruction: "Type your USC NetID (your USC email without the '@usc.edu') and password correctly. Remember, passwords are case-sensitive." There are two input fields: "USC NetID:" and "Password:". To the right of the "Password:" field is a "Sign In" button. At the bottom of the form, there are two links: "Get a CSE iCard here" and "Forgot your iCard".

To logout from the system, just click the logout button on the top right.

The image shows a red horizontal bar at the bottom of the page containing system information. From left to right, it displays: "Team: Agile Board team", "Board: Team 1, agile board", "Iteration: 2 (2013-04-26/2013-05-23)", "User: alexey tregubov", and a "Logout" button. Below the "User" text, there is a "Logout Button" label with an arrow pointing to the "Logout" button.

Users

View Board

As soon as you login to the system as a user, you will be directed to this page. This will be the home page of any user.

Note: If you are a user and you do not see your team's board when you login, contact your administrator and asked to be added to the team you belong to.

Add a New Task

To add a new task follow these steps:

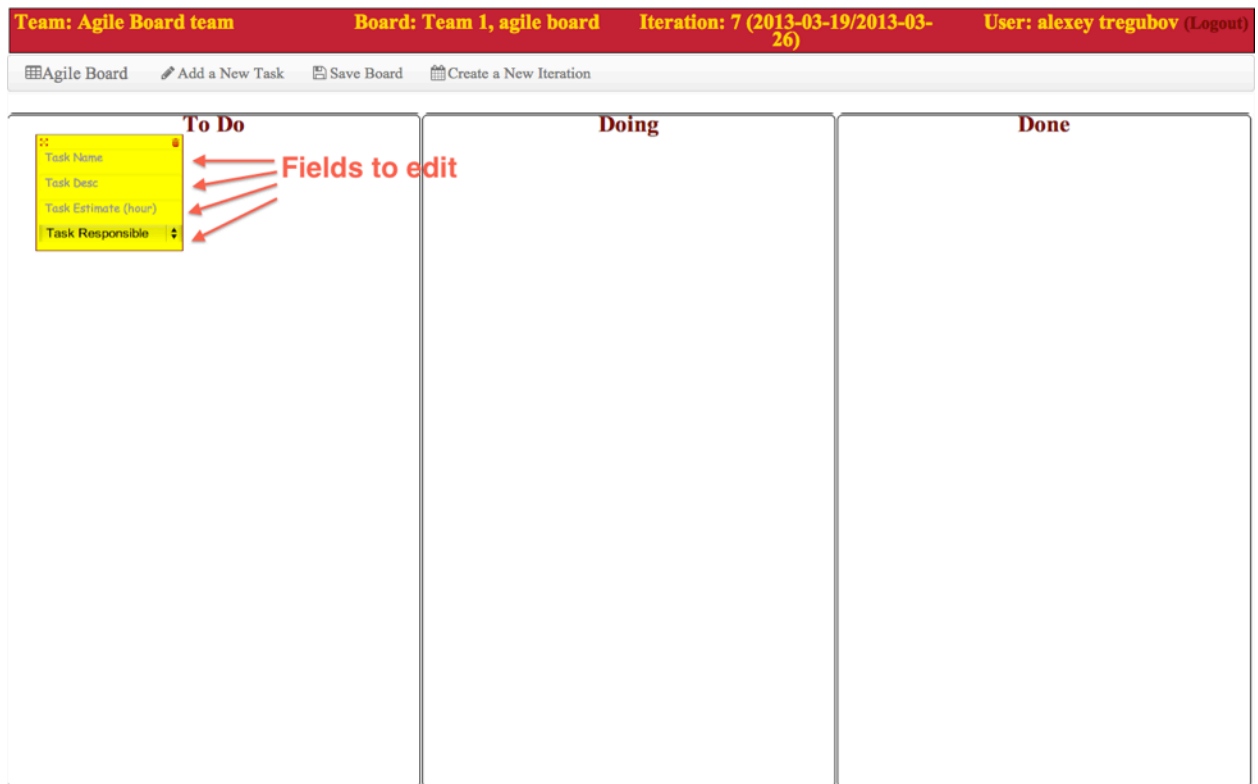

1. From the toolbar above the agile board, click Add a New Item.

2. When you see the newly created task (Screenshot A), edit the necessary fields (Screenshot B)

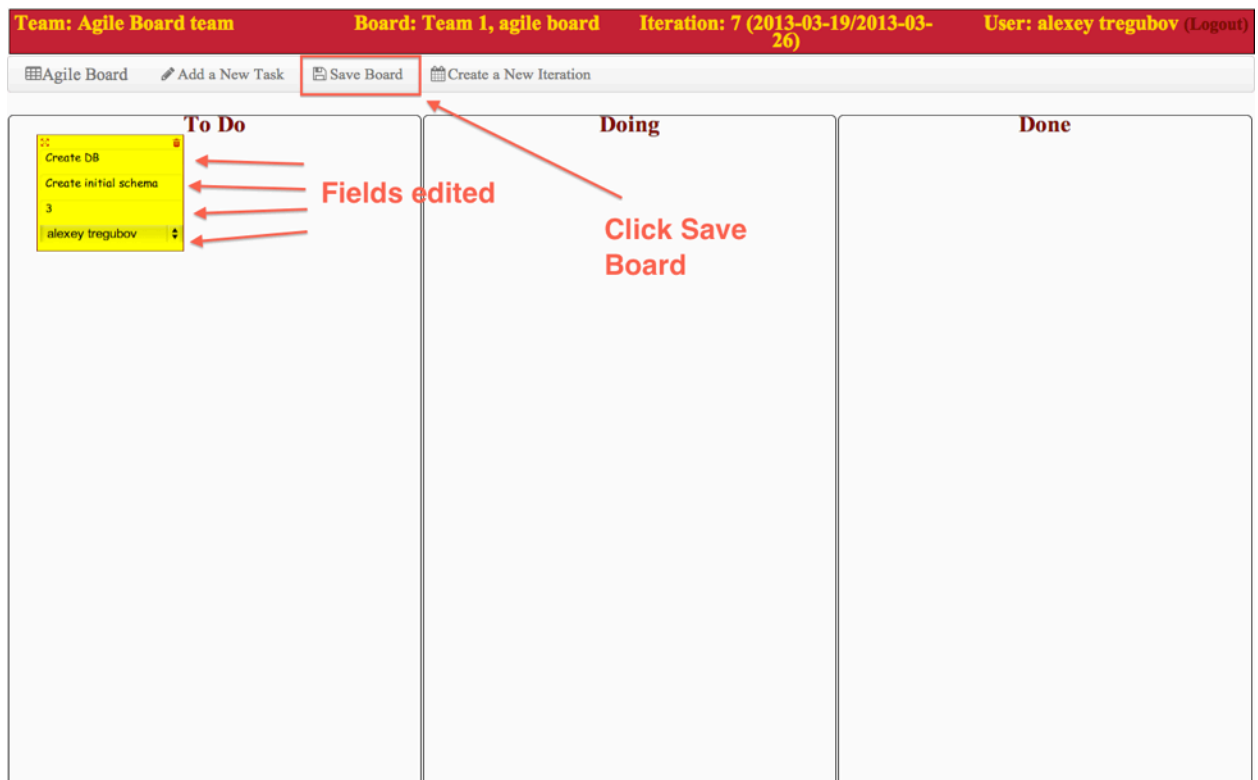

Team: Agile Board team			Board: Team 1, agile board		Iteration: 7 (2013-03-19/2013-03-26)		User: alexey tregubov (Logout)	
<div>Agile Board Add a New Task Save Board Create a New Iteration</div>								
To Do		Doing			Done			
<div><div>Task Name</div><div>Task Desc</div><div>Task Estimate (hour)</div><div>Task Responsible</div></div>								

Screenshot A

Screenshot B

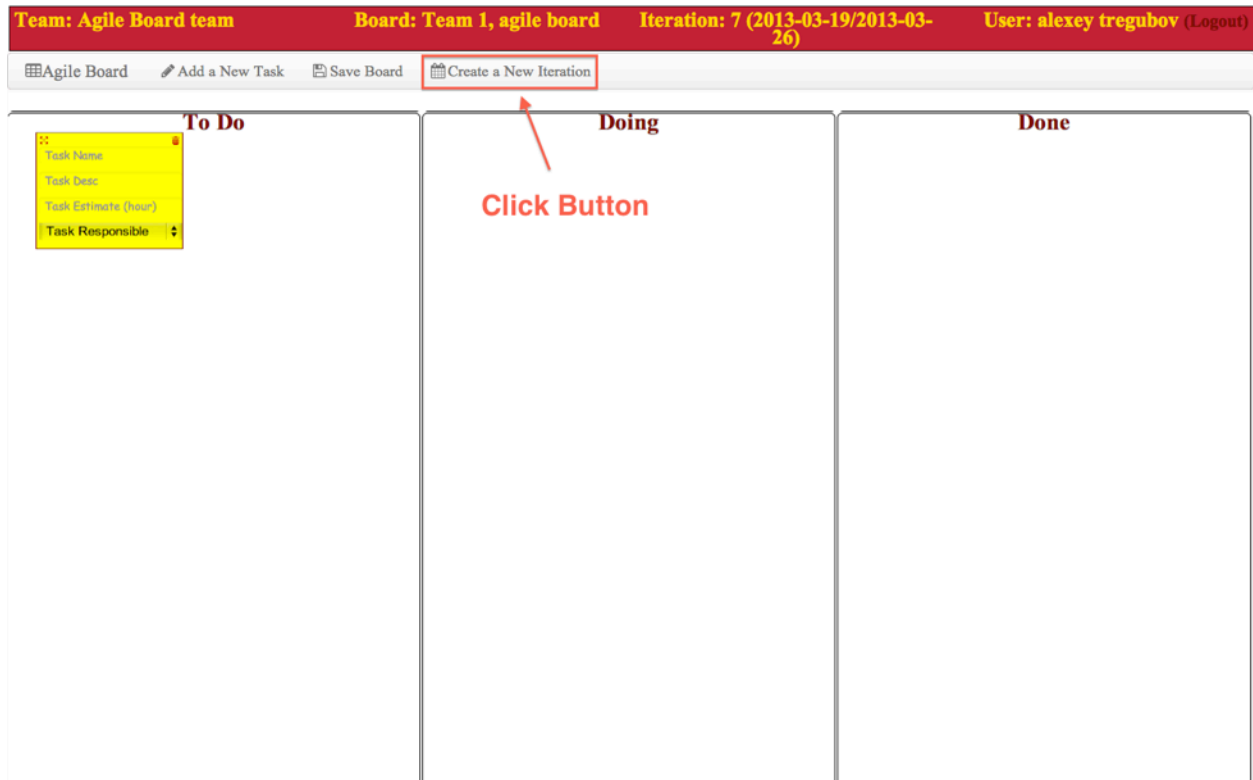

3. After you edit the the fields, click Save Board to update the board for the team.

Create a New Iteration

To create a new iteration follow these steps:

1. From the toolbar above the agile board, click Create a New Iteration.

2. The Create a New Iteration page will give you options for the iteration number, and dates.

Team: Agile Board team

Board: Team 1, agile board

Iteration: 2 (2013-04-26/2013-05-23)

User: alexey tregubov (Logout)

Add a new iteration

Number:

Date: Form To

Iteration number and dates

By creating this new iteration current uncompleted tasks move to ToDo column of new iteration

Show 10 entries

Name	Description	Work Estimation	Current Status
Create DB	Create initial schema	3	TODO

After submit information for updating session you should login again!

Submit

Cancel

3. The incomplete tasks will be visible in the table below, like the task we created earlier.

Team: Agile Board team

Board: Team 1, agile board

Iteration: 2 (2013-04-26/2013-05-23)

User: alexey tregubov (Logout)
